TOOLS SKETCH • FRAMER • PHOTOSHOP • INDESIGN • AFTER EFFECTS • XCODE • UNREAL ENGINE

LANGUAGES

DUTCH Fluent • Native
ENGLISH Fluent • C2 in CEFR • CAE Certificate
SWEDISH Intermediate • B2 in CEFR

WORK EXPERIENCE

JUN 2018 **UX Design Traineeship at Fonk Amsterdam**
–AUG 2017
During this full-time summer traineeship I worked on the UX team of a digital product agency in Amsterdam, conducting user research, and designing and prototyping interfaces. I helped a start-up define their MVP, independently completed and presented a project for an existing client, and designed microinteractions for an upcoming AR app.

FEB 2017 **Interaction Designer at Radboud Centre for Social Sciences**
–JUN 2017
I designed and developed a web portal. I performed user research, provided the interaction and visual design, ran usability tests, and developed the front-end in React.

OCT 2016 **Freelance Interaction Designer and Front-End Developer**
–JAN 2017
Designed and developed a web app in Javascript on freelance basis.

2015–2017 **Teaching Assistant in Usability**
I taught usability in a bachelors course at the Radboud University. Due to impressive performance in the first year, I was given responsibility for all lectures, workshops, assignments, and grading and feedback in subsequent years. Received a certificate in teaching methods after a training programme in teaching.
