LANGUAGES • TYPOGRAPHY • ICON DESIGN

WORK EXPERIENCE

AUG 2019–
PRESENT **UX Engineer at Acando / CGI's Innovation Lab**

I helped start up the Innovation Lab at Acando, where I'm currently employed as UX designer and front-end developer, creating POCs and MVPs for clients with emerging tech like AR and Voice UIs.

JAN 2019–
JUN 2019 **Master Thesis at the Techno Creatives**

Designing and prototyping augmented reality experiences for brick-and-mortar retail stores at a digital product agency in Gothenburg.

JUN 2018
–AUG 2017 **UX Design Traineeship at Fonk Amsterdam**

Full-time UX traineeship at a digital product agency in Amsterdam. Conducted user research, designed and prototyped interfaces. Helped a start-up define their MVP and independently completed and presented a web design project for a client.

FEB 2017
–JUN 2017 **UX Designer and Front-End Developer at Radboud Centre for Social Sciences**

Design and development of a web portal: user research, UX design, usability tests, React front-end.

OCT 2016
–FEB 2017 **Freelance UX Designer and Front-End Dev**

Designed and developed front and back-end (NodeJS) of a web app to automatically generate and analyse questionnaires.

2015–2018 **Teaching Assistant in Usability / UX**

Taught usability, user research, and UX in B.Sc. courses at the Radboud University, and M.Sc. courses at Chalmers university. I hosted lectures and workshops, gave assignments, grading, and feedback. Received a certificate in teaching methods.
