TOOLS SKETCH • FRAMER • PHOTOSHOP • INDESIGN • AFTER EFFECTS • XCODE • UNREAL ENGINE

## LANGUAGES

DUTCH Fluent • Native  
ENGLISH Fluent • C2 in CEFR • CAE Certificate  
SWEDISH Intermediate • B2 in CEFR

## WORK EXPERIENCE

JAN 2019–PRESENT **Master thesis at the Techno Creatives**  
Designing augmented reality experiences for brick-and-mortar retail stores at a digital product agency in Gothenburg.

JUN 2018–AUG 2017 **UX Design Traineeship at Fonk Amsterdam**  
Full-time summer traineeship with the UX team of a digital product agency in Amsterdam. Conducted user research, designed and prototyped interfaces. Helped a start-up define their MVP, independently completed and presented a project for an existing client, and designed microinteractions for an upcoming AR app.

FEB 2017–JUN 2017 **Interaction Designer at Radboud Centre for Social Sciences**  
Design and development of a web portal: performed user research, interaction and visual design, usability tests, and developed the front-end in React.

OCT 2016–JAN 2017 **Freelance Interaction Designer, Front-end Dev (Javascript)**

2015–2017 **Teaching Assistant in Usability**  
I taught usability in a bachelors course at the Radboud University. I hosted workshops, and handled assignments, grading, and feedback. Received a certificate in teaching methods after a training programme in teaching.
